

Infrastructure Escalation Report

Bengaluru Traffic Police / BBMP Escalation Brief

Generated: 2026-06-21T02:03:40+05:30

DISCLAIMER: Generated from officer site assessments. Requires official field verification before civil works. Demo records are synthetic.

1. Hotspot Information

Cluster ID	C_27_0
Assigned Station	SHIVAJINAGAR
GPS (lat, lng)	12.981531893107459, 77.60912767442262
Road Class	tertiary
Road Width	6.0 m
Violation Count	17,825
ROI Score	97.2 / 100
LCLE %	96.9%
BCI	0.0021
Peak Window	10:00-12:00
Classification	STRUCTURAL
Recommended Action	Review geography first; if confirmed, apply: Recurring patrol + towing support + signage/infra review

2. Assessment Summary

Total Assessments	3
Independent Officers	3
Last Assessment Date	2026-06-06
Dominant Structural Cause	missing_signage
Dominant Suggested Fix	install_no_parking_sign
Average Severity	3.7 / 5
Max Severity	4 / 5
High-Confidence Assessments	2
Photo Evidence Refs	0
Voice Note Refs	0
Escalation Ready	YES — READY FOR ESCALATION

3. Severity Distribution

Severity Level	Count
Level 3 / 5	1
Level 4 / 5	2

5. Officer Notes Summary

- No parking signage visible. Vehicles block the junction approach daily during AM peak.

- Curb markings completely faded. Enforcement impossible without visible demarcation.
- Commercial vehicle encroachment causes cascading congestion. Urgent signage required.

6. Recommended Owning Agency

BBMP

Dominant fix involves fixed infrastructure (signage/marketing/lighting/encroachment) — BBMP responsibility.

7. Escalation Status

This cluster meets escalation criteria: 3 independent officers confirmed, max severity 4/5. Recommend forwarding this brief to BBMP.

This report is generated from officer site assessments recorded in the Bengaluru Parking Enforcement Intelligence System (BPEIS). It does not constitute an official BBMP work order or BTP enforcement directive. All findings require official field verification before any civil works or enforcement action. Demo records are synthetic and do not represent real police observations.
